Dietsch Brothers Chocolate Covered Pretzels

Dietsch Brothers, as you know it today, opened its doors in December 1937 when Chris, Don and Roy purchased the local Rogge Bakery. The brothers eliminated the bakery and began producing fine chocolates and ice cream using family recipes. Dietsch Brothers is now owned and operated by Roy's three sons Rick, Jeff and Tom. As we have grown, two things remain the same: the personal level of service provided to our customers and the high quality fine chocolates and ice cream that are produced. Make every day a SWEET day!

Garden Aire Hanging Planter

Garden-Aire, LLC is a new company that is committed to providing unique products to enhance the environment and your gardening experience. The company manufactures the FLEXIT™ Planter (patent pending) in the USA. FLEXIT™ Planters are engineered for elevated use on trees, poles, posts, and columns with diameters of 4" to over 20". Easy to use, portable, durable and with built-in drainage, they are suitable for outdoor, indoor, residential, municipal and commercial applications. They are available in Cloud White, Grey Mist, and Dusk. Garden-Aire is in development of several new products to add to its line next season. Like the FLEXIT™ Planter these products are totally new, vertically different allowing you to garden on a whole new level. www.garden-aire.com.

Wolf's Premium Roasted Nuts

Using old-fashioned roasting techniques, we produce the finest, most flavorful fresh roasted nuts that you have ever tasted. Hand cooked at no more than 25 pounds at a time, Wolfies roasts only the highest quality nuts available. Here you will find such unique items as Hot Chipotle Redskins, Honey Roasted Peanuts, and Cinnamon Toasted Almonds to just plain delicious favorites like Jumbo Cashews, Select Almonds, Brazil Nuts, Mixed Nuts, and others.

Kan Du Studio Flower Magnet

Kan Du Studio is an active art studio that just happens to be located in the sheltered workshop of Blanchard Valley Industries, Findlay, Ohio. We work with community business recycling their scrap into fine art. For example: we are working with our local newspaper to recycle their aluminum printing plates. The plates are cleaned and our differently abled artists work with recycled paint. The painted plates are then cut into shapes, and assembled into one-of-a-kind products such as our "Crazy Daisy" magnets. For more information on Kan Du products please contact Regina Stewart at: rstewart@blanchardvalley.org or 419-422-6386 ext 1326

Stadium Salsa and Chips

After years of eating salsa that didn't satisfy their pallets, owners Greg and Heather Shepherd, of Wood County decided to make a batch of their own.

They named it "Stadium Salsa" because they frequently attend sporting events where they shared their delicious salsas with their friends and family. Stadium Salsa has the best combination of the freshest, locally-grown vegetables and the perfect blend of spices. Stadium Salsa's Mild, Medium and Hot salsas are "All-Natural". They contain no additives or preservatives. They contain no tomato paste or tomato puree, water is not even added. The juices that you find in their salsas come straight from the vegetables! For more information visit: www.stadiumsalsa.com.

The Stadium Salsa product-line has added sweet & spicy salsa, creamy avocado dip, mexicali dip, sweet & spicy relish, spicy mustard relish and authentic, restaurant-style tortilla chips!
